On the walk distance from the cable is a choice of nice apartments for reasonable price in a village Kornic. Few kilometers from the cable are towns Krk and Punat, with a number of hotels and apartments. Hotels are usually considerably more expensive than apartments.

We offer daily buffet breakfast at the cable for all guests. Daily price is 5€, one week special 30€. Buffet breakfast is open from 09-11, a coffee, juice and unlimited amount of variety of breakfast foods is available.

Dear skiers & riders,

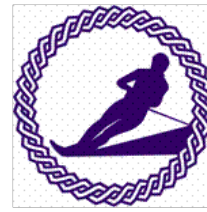

This is the 13th time for Cable Krk to organize a camp and competition for disabled. A few seasons ago we decided to make this event bigger and organize it together with a wakeboard competition and we're doing it again this season. Once more with this event we aim to present to Croatian public waterskiing and wakeboarding at the cable as a perfect summer recreation for disabled.

The entire facility is wheelchair accessible as also a plenty apartments and hotels in the area. If you're flying to Krk, apart from providing transportation from the airport, we'll also be at your service during the entire week for shuttles from cable to hotels and apartments.

The concept of camp is to gather both absolute beginners and advanced riders to train together one week with experienced instructors. Every evening we'll have video analysis sessions where all participants will see what they did right and wrong and how to improve. In conclusion, on Saturday everyone will have a chance to compete at Krk Handi Wake event.

So far we always had a great time. Join us and find out why!
