IWWF federation members must have the Region International Wakeboard License 2011.

Please have in Mind that there is an Other International Competition and an Official Seminar for Judges, Scorers and Organizers in the following week! Look out for the other Bulletin!

Clinic:

Officials for the Clinic will be nominated and invited by the Cable Wakeboard Council and will have minimum 4-5 Stars. Federations are free to send by their own costs own participants with minimum of 4 Stars to take part at the Clinic. Main goal of the Clinic is to make the Judging better and faster, to improve the sport and to educate Top Officials to become better Seminar Instructors.

Test Competitions

The Clinic will organize every day a test competition Heat. Every Rider from the Hip Notics Camp can take part. Results will be published by the Judges in the evening combined with Video Sessions and Discussions with the riders. Riders and Federations are invited to send Teams to get this extra Experience.

Registration:

The competition will be carried out registered. Riders with IWWF Wakeboard License will get points for the World Cable Wakeboard Ranking List. Turkish Riders will also get points for the national ranking.

Adress : Burun ucu mevkii, Koprulu Kanyon kavsagi, Cakis Koyu, Antalya, Istanbul

Course

Hip-notics

Located on the southern coast of Turkey is the beautiful city of Antalya, where summers last for eight months and even winter days are mild and pleasant. Just 30 minutes from Antalya's International Airport is Hip-Notics Cable Park.

Finally, the possibility of year-round riding, so close to Europe's major cities! Hip-Notics consists of three man-made lakes, continually fed by cool mountain run-off water on its way from the Taurus Mountains to the Mediterranean Sea. The lakes are approximately 170 cm deep; shallow enough to keep the water pretty warm most of the year. Located at the foothills and on the main Antalya Manavgat road, Hip-Notics is as convenient as it is beautiful. Hip-Notics' lakes cover approximately 90,000 square meters of the property's total land area of about 200,000 square meters.

The six-pylon L-1 is 730 meters around and is designed to appeal to water skiers. The cable is suspended nine meters from water level. Advanced skiers can challenge their skills on L-1's slalom course.

L-2 is shorter (at 540 meters) and consists of five pylons. Cable height on L-2 is 10 meters above water level. For advanced riders, L-2 is equipped with two kickers (right and left), a 16-meter Fun-box, a 22 mt Double King Rail, a 20-meter Slider, a 14-meter Table and a 19-meter-long, by three-meter-high A-frame.

L-3 consists of two "Easy-Start" systems; To be used to train beginner-boarders, to learn how to do railey, and for wake skate tricks.

Hip-Notics offers something for everyone!

Basic equipment rental is included in the price of admission but Hip-Notics' Pro Shop carries equipment, such as boards, bindings, helmets and life jackets for those who want to buy their own and sunglasses, sportswear and sun tan lotion for those who want to look their best while riding.

Professional photographers are on hand to take pictures or to video tape riders as a tool for their continual boarding improvement.

Wi-Fi is available throughout Hip-Notics so our guests can keep in touch with home and work.

The Café offers, local flavors as well as fast food options.

Lots of oversized pillows are scattered along the lakes so visitors can relax whenever they are not boarding/skiing.

Hip-Notics is equipped with a professional sound system and speakers all around the lakes, so riders can listen to their favorite music while gliding on the water.

Night riding is also available and is a delight on our illuminated lakes.

The infrared sauna and the hot-tub offers fun times during cold winter days.

In short, Hip-Notics is the place that riders have been dreaming about. Only a couple hours away from Europe's major cities, yet warm, friendly and fun.

Hip-Notics is also available for special camps, clinics or corporate events, in season or off-season.

Obstacle Plan:

- 1 – Right kicker
- 2 – Left Kicker
- 3 – Fun Box (16 mt)
- 4 – Double King Rail (22 mt)
- 5 – Table (14 mt)
- 6 – Slider (19 mt)
- 7 – Big a-frame (21 mt length, 3,70 mt height)
