Nick Davies:

„I promise that I´ll give my best to defend my title “Athlete of the year 2007”. I know that I´ve got great competitors but I´m well prepared and I´m ready to win the gold medal. Our British team is one of the biggest during this competition and we believe in our success.”

Mike Ketellapper:

“The World Championships in Anapa will be a great challenge for all participants. The cableway has got a clockwise rotation and this will be a very new experience for all of us. I´m very excited to ride and I can´t wait until the beginning of the event.”

Maxine Sapulette:

“I expect a sensational week in Russia. I am looking forward to meet all my friends and to enjoy a wonderful time in sunny Anapa. The competitions will be very hot because I will compete against Mayanka Jansen and Alizee Brion. But I am confident that I will show a terrific performance.”

Mayanka Jansen:

“This year is the year of the biggest wakeboarding events ever. I will ride for the Dutch team and hope to continue my streak of success. Moreover I am very excited to ride on the open sea side of the Black Sea – yeah, we will rock!!!”
