6.1 Nomination & Entry

E&A Championships

All riders should be members of their respective country's IWWF affiliated Federation. In addition, entrants from E&A should have the E&A International Wakeboard License (National Federations register their riders license online).

How it works:

IWWF has a network of +80 National Federations. Only the Federation can send the entry forms for the Championships. By entering riders for the Championships, National Federations certify that the registered riders are in possession of a wakeboard license and a valid competition insurance and relieve the organising Federation, the officials and the IWWF E&A of any responsibility for any accident which could occur to the rider during the competition and training.

Each National Federation selects its team and decides on allowing the individual entries. If you are not sure how it works in your country, how to find the nearest club or federation, please contact us at president@cablewakeboard.net and we will provide information for you.

Exceptions: Riders from countries that don't have a Wakeboard/Waterski Federation affiliated to IWWF are allowed to register for the Championships themselves. Please contact us and we will help you to arrange the insurance policy and permission for individual entry

The Entry Forms will be attached to the this bulletin and are also available for download from the official website.

In addition to your official nomination and entry you need to enter the competition at www.cablewakeboard.net.

World Trophy:

All riders from all regions are invited to take part - Registration is online-only at cablewakeboard.net

To do so please visit <http://myzone.cablewakeboard.net>

If you do not have a rider's profile, please set yours up and make sure to join the competition. Please make sure your rider's profile is complete because it will be used as information for media, moderation and the live stream.

You find detailed how-to's on setting up a profile and joining competitions on our website.

<http://www.cablewakeboard.net/news/93.html>

Deadline for online registration is September 6th . The earlier you do it though, the earlier we can provide you with a detailed timetable and use this information for communication and promotional purposes. The sooner we know you're coming the sooner we can tell the world about it.

Registration on-site will be on Thursday and for late comers on Friday morning.
