Course

The Cable in Moscow, Strogino is a Rixen system built in 2006, about 970 m long. We'll have a course with in the moment five obstacles In the moment it starts with 2 kickers both sides, funbox on the right side and butter table on the left side. Followed by a slider on the right side.

After 5 obstacles you have two towers, than a long distance without obstacles Than the distance ended, you have still enough space to do an inverted trick before the first corner, between the first corner and the driving tower (about 65m) there are no obstacles, you are able to do a fast invert on the left or an big one on the right.
